

COVID-19 Specific Compliance  
March 2022

The COVID-19 Specific Compliance was first included as part of the DMA Code of Conduct in June 2020 to reflect new user requirements during the time of COVID-19. In March 2022 the Code of Conduct was amended again to reflect commonly accepted public health practices and board of directors resolution.

Changes from the June 2020 **COVID-19 Specific Compliance** are shown in **bold**.
